# Chat function

- Chat function has the icon and small brief like picture 1
- Before chatting, system will appear term and condition

## Logo loading & Jackpot function

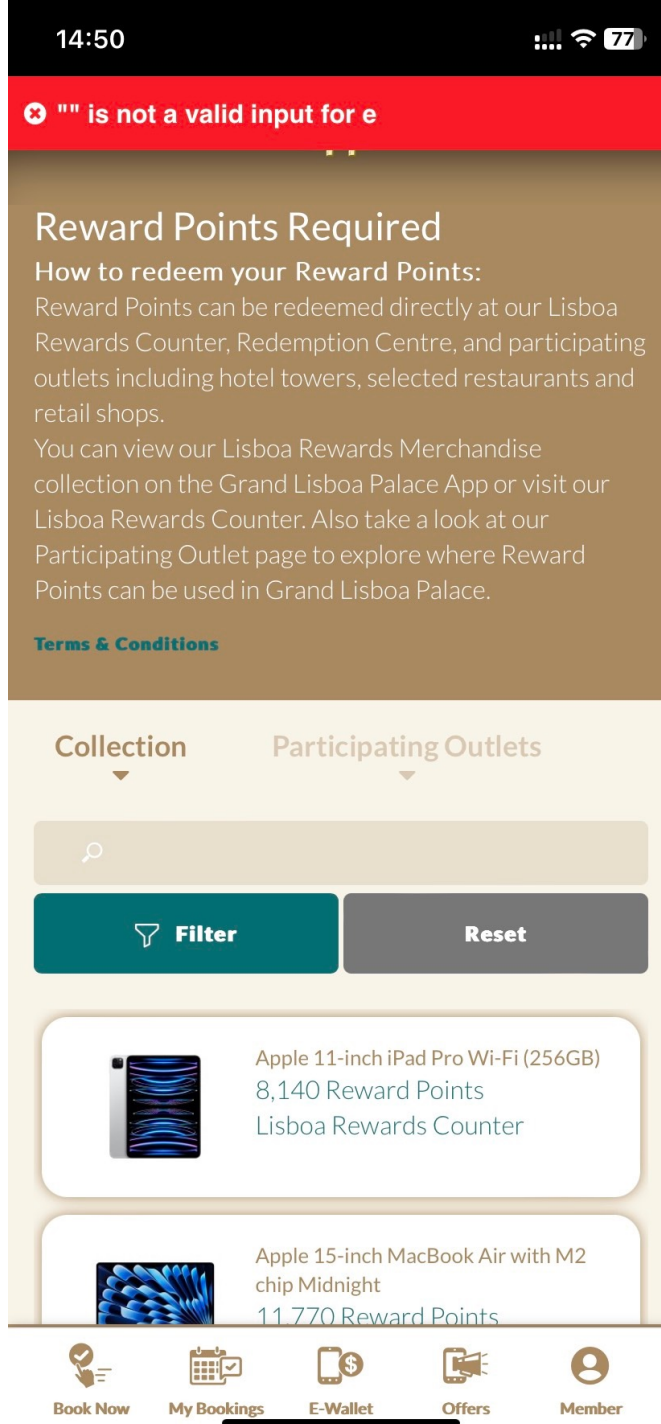

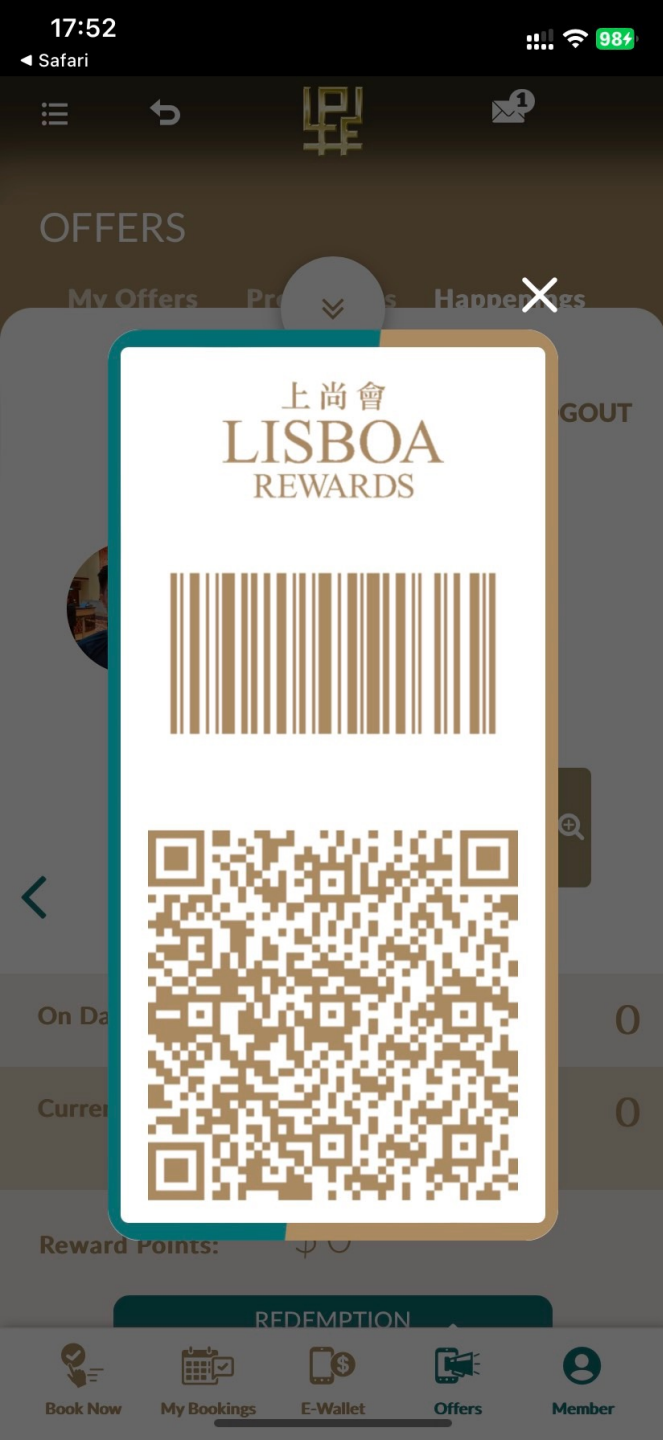

- We will change the loading to Vegas logo and have the circle loading with animation
- Jackpot function will always rolling and have the annoument at the end like picture 2 “Disclaimer: The jackpot figures maybe slightly delayed”

## Version check & Font size

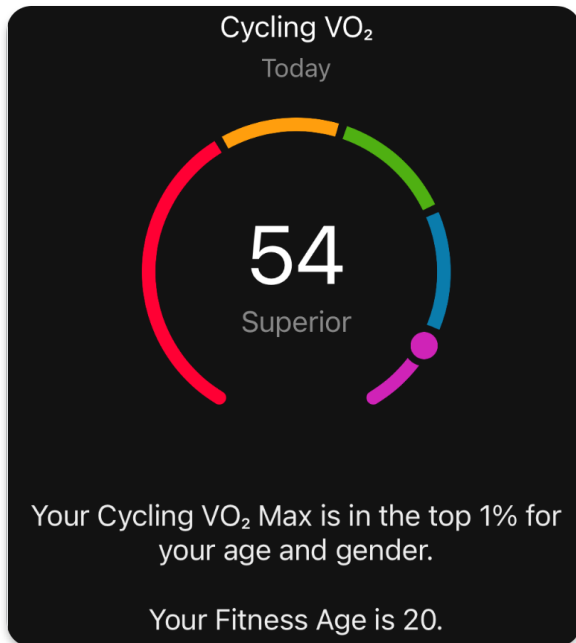

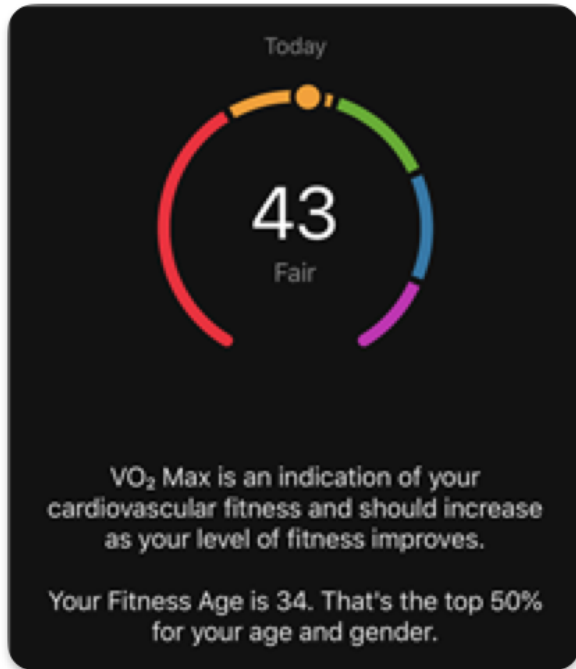

- Click version check to check the latest version
- Font size will have 3 font, icon the same, just text increase

## Code check-in & Comp point

- We will generate 2 type for check-in: Barcode and QR code like picture 1
- Reward function: in future, when applying comp point, we will process in this way for Customer can change the reward gift

## Circle percentage of point earn

- The idea is come from your Garmin application, we will have the circle which calculated automatically of 5 ranking on that membership level

For examble: if Customer is ONE level and at that time of gaming date, he/she earned 1000 points, the system will take 1000 points to compare with all Customer in ONE level earned point on the same gaming date (we can explore it to weekly and monthly point)

- The red zone: Balance
- Orange zone: Good
- Green zone: Excellent
- Blue zone: Superior
- Pink zone: Master

The text brieft at the end we can input like “Your earned points is in the top % for your membership level

The color and layout of circle, we can change to another,

**Thank You**
